

TRANSPORTATION

PRC's transportation projects focus on environmental awareness, cost-effective solutions, and sensitivity to community issues. From urban multi-use paths to major arterial roadway design, we help clients meet their project goals.

PLANNING

- Roadway Networks
- Pavement Management Reports
- Public Involvement
- Grant Applications

DESIGN

- Local—Arterial Classifications
- Urban Trail / Multi-Use Paths
- Traffic Calming
- Signing and Striping
- Construction Traffic Control Phasing
- Roadway Widening and "Dieting"
- Complete Street Re-Construction
- Park-N-Ride Facilities
- Erosion and Sediment Control

Briargate Parkway, CO Springs

PROJECT MANAGEMENT

- Contract Administration
- Consultant Management / Partnering
- Project Scheduling
- Construction Cost Estimating
- Street Improvements Plan Review

"There can be no doubt that the Transportation sector is the most critical sector of our economy."

- Robert Brady
